Contina combines attractive design and functionality, where it is the carefully selected details that make the series stand out and unique. The light frame is completed by a spherical opal white glass dome that hides the light source and spreads a soft glare free light into the room.

Contina is an exclusive table lamp in the most beautiful brass, which adds warmth and cosiness to the bright Nordic decor. The elegant table lamp has many functionalities and applications, as the lamp head can be rotated to both sides, and simultaneously the upper part of the frame can be adjusted up and down.
