- Exclusive materials - shiny brass and opal glass • Soft and diffused light through the opalized glass shade
- Mouth blown asymmetrical glass

The Shapes series by Danish designer Maria Berntsen draws inspiration from elegant, organically shaped jewellery. The opal glass shade is carried out in a unique, asymmetrical form that plays beautifully together with the shiny brass base and creates a refined and intriguing expression. The lamp emits a soft and diffused light through the mouth blown glass shade that is perfect for working or relaxing.
