• Contemporary and elegant style • Creates a soft downlight

With references to minimalist and timeless Scandinavian design, Ellen fits beautifully into most interior designs. The rounded shade creates an elegant and contemporary contrast to the lightweight frame and contributes visual volume and a wide field of light. The Ellen wall lamp is perfect for creating a soft and pleasant light next to your bed or sofa.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
