- 15 year warranty on extensive corrosion

This elegant wall light from the Nordlux Luxembourg series is a classic outdoor wall light with a glass dome to provide beautiful lighting at your entrance, in the driveway, garage, on the terrace, or on the patio. The light is equipped with a sensor, which makes the light switch on automatically when someone passes. The light can be connected in parallel with several lights and is equipped with an LED bulb.

The galvanised finish makes the light fixture resistant to the Nordic climate. We recommend light fixtures in galvanised steel for coastal areas.
