- A classic vintage design • Beautiful glossy glass paired with shiny brass
- A reinterpretation of the classic chandelier • Provides a soft, diffused light

The Franca series has an exclusive and elegant design with beautiful glossy glass and shiny brass. The ceiling light draws inspiration from the classic chandelier and incorporates vintage details with a modern twist. The white glass domes create a soft and diffused light.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
