- Industrial style • Industrial expression with raw, masculine tubes
- Elegant table decoration • Design your own lamp expression with beautiful decorative bulbs

The innovative and playful design makes Josefine a decorative and modern series. The stringent tube contributes to an industrial look, which complements a rough and modern decor. In contrast to the industrial expression are the beautiful brass details and soft shapes, which result in an incredibly decorative series that balances minimalism and elegance in the finest possible manner. Furthermore, the Josefine series allows for personality in the use of decorative lights, illuminating the room in the finest manner imaginable.
