- Maritime robust design • Build-in parallel connection
- Durable material that is well-suited for harsh weather • 15 year warranty on extensive corrosion

Polperro was inspired by harsh coastal areas with roaring seas and tall waves. The maritime design makes Polperro a decorative and classic wall lamp that fits beautifully by the front door, the garage or on the fence. Furthermore, the Polperro can be connected in parallel, making the lamp extremely functional.

Brass is a sturdy and weather-resistant material, making the lamp suitable for harsh coastal areas. Over time, brass takes on a darker patina, which results in a beautiful brownish colour.
