

# Altesse Floor Light

## INSTRUCTION MANUAL

### Safety Warnings

- This product is only suitable for connection to a 240V~50Hz supply in accordance with current IEE wiring Regulations. It is for indoor use only, and not suitable for a bathroom location.
- This fitting is a Class II, Double Insulated product  and does not require an Earth. Live or Neutral **must not** be connected to Earth.
- Do not plug into the mains until your lamp is fully assembled.
- Under no circumstances must this lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface.
- This product is not suitable for persons under 14 years of age.
- Never fit bulbs of a higher wattage than those specified on the label, as these may cause overheating and damage the fitting. The lamp must be protected by a 3 amp fuse in the mains plug.
- If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person
- Allow 10 minutes to cool before replacing, adjusting or cleaning. Clean with a dry cloth only. Do not use liquid or abrasive cleaners.
- If you are in any doubt about your competence please consult a qualified electrician.
- If any modification is made it will invalidate the warranty and may render the product unsafe.

### Assembly/ User Instructions

#### Before you start

Please read these instructions carefully before fitting and retain for reference. Check the packaging and make sure that you have all the required parts. Follow each assembly step in order to prevent incorrect assembly. Ensure that the product is fully assembled as illustrated before use.

**These assembly diagrams are intended as a guide – if in doubt consult a qualified electrician.**

1. Carefully unpack your lamp, and place on a stable, flat surface.
2. Screw the three main stem parts together, ensuring that the internal cable is not trapped or strained. **NOTE: Remove any packing pieces between the stem sections.** Start by screwing the bottom stem section (1) into the base, then stem (2) into (1) and then top section (3) into (2).
3. Next screw the lampholder assembly (4) into the stem.
4. Screw down the cable grip (10) and affix the pad (11).
5. Install the bulbs (5). Do not use bulbs with a greater wattage or different shape than specified on the label.
6. Screw the upper stem (6) into the lamp holder assembly, and secure in place with the grub screw and Allen key (7).
7. Place the shade (8) over the top of this stem and then secure using the decorative finial (9).
8. Plug in, and operate the switch to turn your lamp on.

If your lamp will not illuminate, please check the bulb, the 3 amp fuse in the plug and ultimately check the relevant fuse in your fuse box. If unsuccessful please consult your retailer.
