### Assembly Instructions for Lights

Please read the instructions carefully before starting work and retain for future reference.

Always turn off the mains supply at the consumer unit, shut off the circuit breaker, or remove the circuit fuse before commencing installation.

This fixture should only be installed by a qualified electrician.

This fixture is suitable for indoor, non-bathroom, use only.

#### Installation:

1. Use the mounting bracket (D) to mark screw holes, and affix to the ceiling (A) using appropriate fixings (B&E).
2. Connect the house supply to the terminal block (C), according to the wiring diagram in Fig. 2, ensuring that the terminal screws are tightened securely and that there are no stray wires. If there is more than one supply cable present, seek professional advice.
3. Raise the ceiling up (F) to the mounting bracket (D), and then secure with the side screws (G).
4. If using shades (not supplied), place the shade over the lampholder (H), followed by the cup (I) and secure in place using the shade ring (J). Otherwise use the candle drip (K).
5. Install light bulbs (not supplied). **Do not exceed the maximum wattage recommended on lamp holder.**
